INVITATION FOR BIDS (IFB)

Senior Center Resources and Public Transit (SCRPT) is soliciting sealed bids from qualified contractors for the design, fabrication, and installation of a commercial-grade awning structure to cover designated vehicle parking areas at our facility.

Project Overview

SCRPT is seeking bids for the construction and installation of a durable awning system to provide weather protection for agency vehicles. The structure must be designed to withstand local wind loads and weather conditions and meet all applicable building codes and safety standards.

Scope of Work

The selected contractor shall provide:

- Site evaluation and measurement
- Engineering and design of awning structure
- All necessary permits (if required)
- Materials, fabrication, and installation
- Concrete footings and structural supports (if required)
- Cleanup and site restoration
- Warranty information on materials and workmanship

Contractor must ensure compliance with all local, state, and federal regulations.

Bid Requirements

Interested bidders must submit:

- Company profile and experience with similar projects
- Detailed project cost breakdown
- Estimated project timeline
- Proof of insurance
- References from comparable installations

Bids will be evaluated based on:

- Cost
- Experience and qualifications
- Compliance with specifications

Sincerely,

Danny Allembaugh

Danny Allembaugh Executive Director

SCRPT reserves the right to reject any or all bids and to waive informalities in the bidding process.
